

TsAfrika Goes The Extra Mile To Help #RebuildSouthAfrica

With the recent unrest that our country was faced with, the TsAfrika team rose to the occasion to support their clients with critical food supply to various locations nationally. Many of the team members had to work overtime, sleep on site and push the limits to ensure that their clients in severely affected parts of the country were supported and that people received the much-needed food parcels. Our colleagues worked night and day to meet tight deadlines for chartered planes that were sending supplies to KwaZulu-Natal.

The team was actively involved with the Nelson Mandela soup drive and other caring initiatives as part of the Tsebo Solutions Group's contributions to Mandela Day, testament to the vigour and passion that represents TsA!

The following are just some examples of TsAfrika's commitment to helping to **#RebuildSouthAfrica**.

MEDSCHEME

Medscheme requested assistance in compiling and delivering 250 food/care packages to its staff in areas of KwaZulu-Natal that were at the heart of extreme unrest.

The request came through on Wednesday 14 July, leaving the TsAfrika team with very little time to source stock and pack the boxes in time for them to be air-freighted on 16 July at 19h00. By pulling together the TsAfrika team was able to meet the deadline and food parcels were successfully delivered to Medscheme staff on 18 July.

HOLLARD

Hollard ordered a total of 116 food parcels for its staff affected by the unrest. The TsAfrika team once again rose to the challenge and made the delivery deadline.

HATCH

Hatch placed an order for 100 food parcels to be handed out to its staff in KZN and 100 for staff in Johannesburg.

The order was placed on a Friday afternoon for delivery by Monday. None of TsAfrika's regular suppliers were able to commit such a pressing deadline, so the team visited a commercial retailer to place an order.

Altogether 10 TsAfrika staff packed boxes on Monday to meet the 4pm deadline for parcels to be collected and trucked for distribution on Tuesday morning.

PICK N PAY – KWAZULU-NATAL

Most of Pick n Pay's distribution centres were affected in KwaZulu-Natal.

The team worked tirelessly to help Pick n Pay get its distribution centres back up and running and provided much needed sustenance to the clean-up crews. Five members of the TsAfrika team also assisted Fedics staff by packing 1000 food parcels for distribution.

PICK N PAY – LONGMEADOW

Staff at the Longmeadow Distribution Centre in Johannesburg cooked and delivered 50 meals a day to the SANDF officers who were stationed in Alexandra during the week of unrest.

In addition, the team cooked up 2500 meals a day as a result of Pick n Pay sending convoys with food to damaged KwaZulu-Natal distribution centers.

EXXARO

The TsAfrika team at Exxaro participated in Tsebo's Mandela Day soup drive and cooked up and donated 600 portions of nutritious soup to the Brainlife NPO in Mamelodi.

All of which goes to show that when times get tough, TsAfrika's particular brand of passion comes to the fore through its continued commitment to service excellence no matter the challenge or the environment.
